Abstract

Fakhr Razi in his book *Mafatih al-ghaib* presented different methods for interpreting the Holy Quran, among which one can refer to Quran to Quran interpretation. Fakhr Razi made use of different aspects such as general and special, absolute and bound, brief and explanatory, summarized and detailed, etc. in this kind of interpretation. He had a connected and disconnected explanation in Quran to Quran interpretation, and not only used his own opinion and inference, but also the sayings of companions and followers of Holy Prophet Mohammad and Imams of jurisprudential religions and the previous interpreters such as Zamakhshari, Tabari, Abumoslem Isfahani, etc.
